A decorative scroll border frames the central text. It starts with a circular flourish on the left, has a small circular flourish at the bottom left, and ends with a larger circular flourish on the right.

Building to Weather the Years

What this house is today is the result of the good old honest practices of yesterday.

What we are doing today is the making of tomorrow. We are looking toward a splendid future.

We will not abandon the policies that have won us thousands of friends for any "clever" way of business getting.

We will improve our methods without impairing our business morals. We modernize as the times suggest but we never temporize with fair dealing, honest weight and first quality.

It is our ideal to make ROBERTSON & COMPANY another name for stability. We are building on the rock of confidence, a house to weather all the years.

The Robertson Line for 1926

**Introducing the new Paneling Method —
Surpasses Anything ever offered
in Sample Books!**

***The Greatest Set of Wall Paper Sample
Books Ever Shown in This Territory***

MANY decorators in all parts of the country have expressed their great surprise at the originality and excellence of our line. These comments—a few of which we reproduce below—will tell you better than any words of ours what the ROBERTSON Line means to your business for 1926.

"The best on earth—wonderful!" — Albert J. Othmer
 "They are beautiful. Panel designs great!" — Adolph G. Koeppe
 "It is the best assortment of samples I have ever received." — Westley N. Burrell
 "The best line on the market." — Herb Woody
 "As fine a line of wallpapers as I've ever seen." — Delmore Smother
 "It is of the best on the market. Have seen six different sets of Books." — H. D. Rives
 "Grand—very nice patterns." — John W. Keppen
 "Very nice assortment of wallpapers at reasonable prices." — Clarence E. Railey
 "I like your new sample books very much." — Fred Ehlers
 "Simply fine. Could not be better." — Wm. Malston
 "They are indeed a very nice line, and the prices are right." — J. D. Smith
 "As good as I have ever seen, if not the best." — J. L. Parsons
 "They can't be beat. Best line of samples I've seen." — Andrew Mikkelsen
 "A beauty—the best I have ever seen, Congratulations." — Albert J. Taylor
 "They are the swellest set of books I have ever seen." — Frank Bowyer
 "One of the very best I have ever had the pleasure of selling." — Paul Belles
 "Very snappy and priced to sell." — V. C. Madison
 "Best ever yet." — Pahlman & Dittmer
 "Even better than 1925 line." — F. J. Sachs
 "Beyond anything I ever expected to see in the way of wallpaper." — Wm M. Deffenbaugh
 "Mighty fine papers and reasonably priced." — Mrs. S. A. Lantz
 "Up-to-date. The best collection of patterns you ever got out." — G. L. Trump
 "Your panels and samples sure are swell." — John Schneider
 "Nothing better—few its equal." — George Fritz
 "The finest I have ever received. Panel work beautiful." — Ray Burington
 "Superior to any line shown in this city." — Wm. G. Guy
 "Very fine. I sold one pattern two hours after the books arrived." — W. J. Trimble
 "Very fine—interesting and easy to sell." — Clyde Robbins
 "They are sure fine. I am delighted to have such a fine line." — R. C. Huggins
 "Best I know of. Surely a fine and exclusive line." — T. G. Burch
 "The finest you have ever put before the public for sale." — W. W. Hurley
 "I think they are fine and am glad that you have some very cheap papers." — J. A. Brewer
 "They are a knock-out." — Wm. W. Wanack
 "A very fine selection of papers and prices sure are right." — E. R. Crim
 "Would not ask for a better line." — Frank L. Crabill
 "Good. Can't say that I ever saw anything nicer." — D. F. McNeill
 "It is the best I have ever had out of four different sets." — Claus Menken
 "From book one to four, it is the best line I have seen." — W. H. Bennett
 "One of the finest in years." — Elmer Tunis
 "Best of all for me." — John Rounds
 "Excels all others." — Leidner & Son

"You have a wonderful line and low prices." — Francis N. Smith
 "Sure fine—never saw anything better. Paneling also good." — B. G. Tipple
 "Something unusual—best paneling. Also some extra fine designs." — W. L. Duvall
 "Clever make-up." — George Blaicher
 "Beautiful! We are proud of it." — Wilkinson & Son
 "I believe your set of books is the best out. I like the panel work very much." — Emil Kersten
 "They are better than last year—by far." — Henry C. Fry
 "An excellent line of samples." — H. N. Kent
 "Good enough to meet the requirements of all classes." — C. F. Lamond
 "It is very attractive and beautiful. Should sell good." — M. L. Gay
 "Better every year." — Fred Bell
 "A real snappy line of samples." — Roy C. Tewell
 "Best and most complete line I have ever handled." — Wm. Dallinan
 "Exceptionally good and the paneling will be a winner." — Geo. Eiffert
 "The choice of five other sample lines." — A. A. Melton
 "A beautiful set of books! In form and quality, they are the best I have ever seen." — L. G. Strong
 "Your new line is wonderful! Great business ahead." — Edw. C. Nelson
 "They excel anything I ever saw in wallpaper." — R. W. Campbell
 "I only handle one set of books. These are good enough for me." — Ed. N. Caldwell
 "The best I have seen. The illustrations are a great help to customers." — Gust W. Swanson
 "Best yet. I don't see how they could be better." — Wm. P. Smith
 "Superior to any I have received in the past 12 years." — C. M. Seaman
 "Most wonderful I've ever seen." — O. J. Wagner
 "Simply beautiful! The best ever." — Lillian Kirkup
 "In all my business experience, they are the best." — D. F. Ruby
 "As good as could be made up. The DeLuxe patterns are beautiful." — Elmer R. Fritz
 "It is great and the patterns shown ought to sell themselves." — Orman H. Ray
 "Still far in the lead, as usual." — A. A. Alpaugh
 "An extraordinary good line." — Willard E. Webster
 "Better this year than ever." — A. D. Abel
 "Excellent! Your patterns are well worth the money." — W. T. Bixler
 "Finest you have put out. It beats all others." — James Burroughs
 "It is a wonder." — Benj. T. Purviance
 "A very fine line—as ROBERTSON'S always are." — C. H. Trowbridge
 "Very good. Far ahead of several other lines I have examined." — Ray E. Heddy
 "Wonderful! You will get all of my business." — Harry B. Timmons
 "The books are just as you represent them and the papers are excellent. Much better than last year." — J. T. Coleman
 "Everything that could be desired. Well pleased." — Colonel A. Rankin
 "Your line is the best ever and easy selling. And your premium list makes it still more interesting." — Edgar Dahl

We still have a limited number of sample sets which will be furnished to active decorators on request.

"Use Our Books and Make Money"

White Leads

Red Cross White Lead

RED CROSS WHITE is not only unequalled in working qualities but is widely known for its great opacity or Covering Properties.

It is whiter, finer and more elastic than pure white lead, and as an interior paint, it cannot be excelled.

Since it is absolutely Non-Poisonous it is there-

fore an ideal pigment for decorating the interiors of Houses, Hospitals, Schools and Public Buildings.

Foul gases, smoke or atmospheric changes do not affect it and it will be found to be the most economical white pigment on the market.

	Net
100-lb. kegs or casks of about 300 lb. Per lb.....	\$0.11

25-lb. kegs, each.....	2.90
12½-lb. kegs, each.....	1.60
¼c per lbs. less in 500 lbs. Lots or over.	

Carter White Lead Co.'s Lead

Carter Brand

The steadily increasing demand for Carter's White Lead, together with our own knowledge of its most excellent quality, prompts us to recommend it without reserve, as one of the best and most satisfactory white leads on the market. The manufacturer's positive guarantee of absolute purity is printed on every keg.

	Net
100-lb. kegs or casks of about 300 lbs. Per lb.....	\$0.14½
50-lb. kegs, each.....	7.40
25-lb. kegs, each.....	3.75
12½-lb. kegs, each.....	1.95
¼c per lbs. less in 500 lbs. Lots or over.	

Eagle White Lead Co.'s Lead

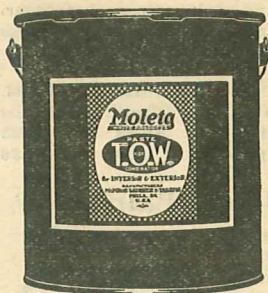

Eagle Brand

The Eagle White Lead Co. is an independent company not owned or controlled by any "Trust" or combination. The "EAGLE" Lead is made only by the "OLD DUTCH PROCESS," is not "pulp" ground, but is genuine old fashioned lead, of great body and fineness, and is ground only in pure raw linseed oil.

	Net
100-lb. kegs or casks of about 300 lbs. Per lb.....	\$0.14½
50-lb. kegs, each.....	7.40
25-lb. kegs, each.....	3.75

¼c per lbs. less in 500 lbs. Lots or over.	

T. O. W.

T. O. W. PASTE is in no sense a substitute for white lead. It is distinctly a superior product both from the standpoint of the remarkable results it produces as well as the great saving in labor it affords.

T. O. W. PASTE possesses extraordinary properties, among them great hiding power and unusual white color, as well as ability to withstand climatic conditions and gases.

Two coats of T. O. W. are equivalent in hiding power to three coats of white lead, an almost unbelievable statement to make, but one borne out by actual fact.

Mapaz

Mapaz is a paint paste, made from The New Jersey Zinc Company's French Process Florence Brand Green Seal Zinc Oxide and refined linseed oil under the specifications developed by The New Jersey Zinc Company.

The Value of Mapaz in paint, for both exterior and interior jobs, is found in the following qualities:

It prolongs the life of the lustre.

It reduces chalking when combined with other pigments and when used alone it does not chalk. (We do not recommend, however, that it be used alone for exterior work.)

PAINT DEPARTMENT

Our PAINT DEPARTMENT is in charge of practical experts who have had many years training and experience in this line. As a result of their efforts we are enabled to offer MIXED PAINTS which are the best qualities it is possible to produce for their respective uses.

Red Cross Pure House Paint

Formula on Every Can—that settles all arguments. So many grades of paints have come on the market at all kinds of prices and every one claims that theirs is the best—that's natural. But, you will agree that it isn't as easy as it seems to give the very best paint that can possibly be produced and guide prices entirely by competition.

When you buy Red Cross Pure House Paint, there is no guess work. Formula is on every can! If for any reason you should question our analysis, we agree to stand the expense of an analysis by any reputable chemist.

Robesco Mixed Paint

A paint that will prove more durable and economical than the majority of so-called high-grade mixed paints on the market.

These paints are made from the best pure white lead and zinc, linseed oil and other ingredients. The dark shades are made of the best mineral colors and will stand as well as the best white lead.

Satisfactory for all classes of work for either exterior or interior use. For the price there is nothing better made.

Red Cross Cement Paint

Cement Paint is the only durable interior and exterior paint for Cement, Concrete or Brick Structures that is waterproof, and at the same time not affected by the alkali action which quickly destroys ordinary paints when applied to such surfaces.

Red Cross Cement Paint is easy to apply and dries quickly to a hard surface. It is made in pure white and appropriate shades, producing a beautiful, artistic, dead flat finish, that removes that raw, unfinished appearance.

Five-gallon cans, per gallon.....	\$5.30
One-gallon cans, each.....	5.50

Black Graphite Paint

Especially adapted to structural iron work, Bridges, Roofs, Smoke Stacks, Boiler Fronts and all surfaces subjected to sulphurous fumes and outside exposure.

We make this from flake graphite which, when ground in linseed oil, forms an elastic coating to iron and steel that will prevent rust and corrosion.

Liquid Form Ready to Use.

Paste Form, to be Thinned as Used.

Buffalo Anti-Rust Graphite Paint

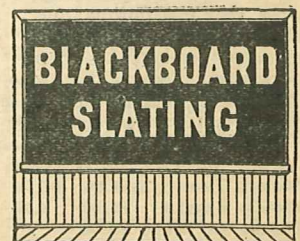

The use of McDougall-Butler Anti-Rust Graphite Paint to prevent the deterioration of metal is strongly advised. It resists the action of heat, smoke and gases. It should be used on iron, tin and steel surfaces where oxidation is liable to take place. On new work best results are obtained when Anti-Rust Graphite Paint is used over a priming coat of red lead paint. Anti-Rust Graphite Paint is made in black.

Scientific Enamel

A Wonderful White Enamel

The longer it lives the whiter it grows.
"Works like butter"

For either inside or outside use

The most durable high-grade enamel for exterior work. It allows of absolute perfect freedom in working, so that no matter how large the surface, one man can do it alone without laps or brush marks. It produces the nearest imitation ever made to genuine Porcelain. All we ask any one to do is to try it once. Its peculiar qualities will attract you, for it gives a brilliant high gloss which will not bloom or disappear. It is a beautiful clear white, that is constant and will not turn yellow. Will wear for years on outside work.

Red Cross Liquid White Tiling

A high quality snow white sanitary coating which dries with a hard, glossy, smooth enamel finish. Looks like tile. Reduces paint bills. Can be used on wood, metal, concrete, cement, plaster, or any interior surface, and will fulfill every requirement. Wherever sanitary conditions are imperative it works wonders, through its beautiful finish, lighting brilliancy and durability.

Red Cross Liquid White Tiling is economical. Does away with paint, whitewash, lead and oil. Can be washed repeatedly without injury. Does not peel, scale, chalk or blister when properly applied. Is the most durable product ever devised for interior coating in Ice Cream Plants, Canning Plants, Candy Factories, Restaurants, Butcher Shops, Bakeries, Hotels, Food Plants, Hospitals, Dairies, Creameries, etc.

Moleta White Light Gloss

Produces a lasting porcelain effect, yet saving the cost of one coat.

MOLETA WHITE LIGHT GLOSS is a remarkable product. Here is a moderate price porcelain finish paint with exceptional hiding power.

In actual tests made by master painters, one coat of MOLETA WHITE LIGHT GLOSS has proven equivalent to one coat of flat white and one coat of the average gloss enamel.

In addition MOLETA WHITE LIGHT GLOSS has been pronounced extraordinarily easy working and possessing a finish of unusual brilliancy and durability.

Lengthy experimentation, years of experience and unflinching integrity stand in back of MOLETA WHITE LIGHT GLOSS.

Textone

Textone is the new decorating material with which the popular rough textured wall effects may be obtained quickly and at moderate cost. Textone comes in a dry powdered form and requires only the addition of water to make it ready for use.

The material, although not a paint, is applied with a brush, and by the proper manipulation of common tools the painter or decorator can obtain any desired degree and pattern of textured surface. By the addition of pigment colors any preferred color effect may be secured.

Textone adheres perfectly to Sheetrock, plaster, glass, wood and similar surfaces. It relieves the monotony of ordinary decorations and provides a pleasing beauty and individuality. And the cost is moderate.

Mission Art Finishes

Penetrating Oil Stains

Mission Art Finish is sold in the various shades shown on color card. Almost any effect can be produced in different woods by properly following directions.

The addition of a small quantity of Black Flemish to any other Mission Art Finish will deepen and enrich the tone to suit the user. If lighter shades are desired, thin with benzine or a small amount of turpentine until the correct effect is obtained.

This selection of Mission Art Finishes has been made with a view of obtaining the most beautiful and desirable results in home decoration and interior finishing.

Early English Weathered Oak, Golden Oak, Bog Oak, Black Flemish, Fumed Oak, Circassian Walnut, Light Oak, Dark Oak, Dark Walnut.

SHINGLE STAIN

LIFE PRESERVER
FOR SHINGLES

Artistic, Penetrating, Preserving

Shingle Stains wear better than oil paints on all rough or shingled work. The stains are richer, softer and more attractive. Will not peel or crack in hot climates. It preserves the wood, kills insects and prevents decay. For one brush coat—One gallon to 150 square feet of surface. For two brush coats—One gallon to 100 square feet of surface. Dipping—2 ¼ to 2 ½ gallons to 1000 shingles. Dipping and one brush coat, after the shingles are laid—3 gallons to 1000 shingles.

Dipping makes the most durable job.

Red Cross Liquid Wood Filler

A PERFECT FILLER AND SURFACER FOR SOFT WOODS, SANDPAPERS EASILY

Reasons why it has no superior and is better than shellac: It costs less, works easier, covers better, costs less to thin, does not settle, brings out the color of the wood, dries dust-proof immediately, and hardens perfectly. Easily sandpapered, and holds the varnish up better than anything else. Try a sample and be convinced that the above statements are correct and that you will save money and time by using it. Specially adapted to pine, cherry and other soft or close grained wood. On coarse grained wood a paste filler should first be applied.

5-gallon cans, per gallon.....	\$2.80

½-gallon cans, each.....	1.70
¼-gallon cans, each.....	1.00

Johnson's Under-Lac

For giving a high glossed finish over Wood Dye, Paste Wood Filler or Old Varnish, and the best preparation produced for preserving linoleums, etc. This Under-Lac is very tough and elastic; it will not scratch, mar or chip and is superior to high grade varnish or pure shellac. It can be used wherever shellac or varnish can be used with much finer and more permanent results. It is unexcelled for pyrography. Never apply more than one coat of this Under-Lac.

Exclusive Distributors :: CHICAGO

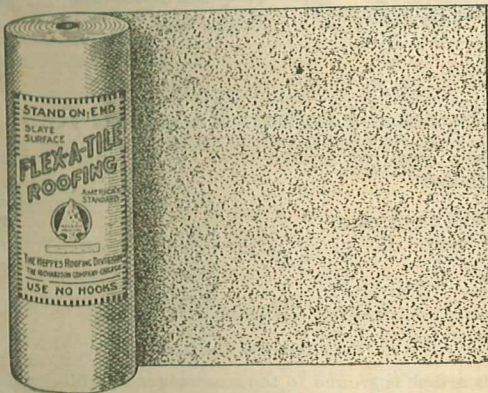

Flexatile Roll Shingle Roofing

Your old roof can easily be made as good as new at much less expense than you probably imagine. Just lay **FLEX-A-TILE ROLL SHINGLE** (Red or Green) right over the old shingles. Your roof will have the appearance of asphalt shingles, at less cost. Beautiful, weather-proof and fire-resisting. Put up in rolls containing 108 square feet (one square), complete with nails, cement and instructions for application. Weight about 85 lbs. per roll.

Price (Red or Green) per roll.....**\$7.50**

Flexatile Roll Roofing

This is one of the most popular roofings on the market today. The Slate Red and Slate Green surfacing makes a beautiful, fire-resisting roof, and will not fade. Approved by the fire underwriters, and especially suited for use over old shingles and as a siding. Put up in handy rolls, containing, 108 square feet, complete with nails, cement and directions.

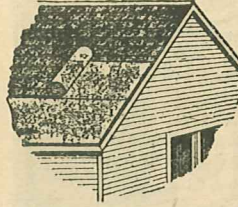

Red or Green, complete per roll.....**\$5.00**

Flexatile Shingles

This is the old reliable standard individual asphalt shingle one of the first on the market. Surfaced with fine crushed slate, Red or Green. Light in weight and easy to lay. Each shingle is 8"x12 1/4" in size, and it takes 424 shingles to cover a square. Packed four bundles to a square. Weight, about 220 lbs.

Red or Green, per square.....**\$13.50**

Rubbertex Roll Roofing

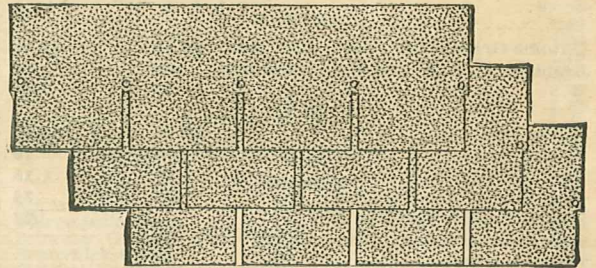

A better smooth-surfaced roofing would be hard to find. Nothing but long fibred tough felt is used in this roofing. No volatile oils are used in **Rubbertex Roofing**. That is what makes it so durable and lasting. **Rubbertex Roofing** is finished on both sides with fine mica, and is especially recommended for long, hard wear. Put up in rolls 32" wide, containing

108 square feet, with nails, cement and direction sheet.

Per roll.

Medium weight, 45 lbs.....	\$4.50
Heavy " 55 lbs.....	5.50

Style Four Slab Shingles

The Style 4 Slab Shingles give identically the same effect as individual shingles without all the fuss and bother of putting on one shingle at a time. Saves labor, nails and freight. Approved by the Underwriters. Each slab is 10"x32" in size, 112 slabs to a square. Weight, about 185 lbs. per square. Highly recommended for use over old wood shingles.

Red or Green, per square.....**\$13.00**

Asbestos Paste Roof Cement

For stopping leaks and filling holes in iron, tin, gravel, slate, shingle and composition roofing; repairing chimneys and gutters; filling cracks in tanks, silos, cisterns, boiler settings, etc. Apply liberally with a trowel or long handled scraper.

Send for color card.	

Muresco Calcimine

Especially suited for the use of practical decorators. Spreads evenly and freely. Kills suction. Dries very slowly, evenly and white. Greatest covering body of any wall coating—requires but **one coat**. Shows no brush marks or laps.

One man can handle any job with it.

Tinting white admits of the addition of dry color to produce any desired tint.

	5-lb. Pkgs. Each	20—5-lb Cwt.	Per lb. 100-lb. Drums	Per lb. 350-lb. Bbls.

Muresco Fresco Colors

Are intended for use where darker shades than Muresco Tints are desired; also for tinting colors in connection with Tinting White Muresco. They are adapted to all kinds of wall and ceiling decorating, fresco painting, plain tinting, etc., and will be found much more satisfactory and economical than the use of dry or distemper colors.

Robesco

HOT WATER CALCIMINE

An artistic and economical finish for walls and ceilings. **ROBESCO** is easily applied, covers perfectly with one coat and dries without showing brushmarks or laps, producing a beautiful, soft, velvety effect, restful and pleasing to the eye and far more artistic and economical than other decorative material.

One pound of **ROBESCO** will cover approximately seventy-five square feet of surface, eight to ten pounds being enough to decorate the average room.

ROBESCO is made from the best grade of whiting and glue and guaranteed by us to be far superior to most calcimines on the market, made in 14 Tints and White. Sold in barrels only (about 300 pounds).

White per lbs. in Bbls.	\$0.09½
Tints " " " "	.10½

Cold Water Calcimine

CALCIMO is in dry powder form, and requires only mixing with cold water to make it ready for immediate use.

It will not rub off. It is absolutely non-poisonous. It will not peel or crack if applied on a solid surface. It covers well with one coat and is the only calcimine soluble in cold water that can be re-coated.

It jells to the proper consistency regardless of temperature or climate. It can be applied on the hottest summer day and will not become watery. It does not get too stiff for spreading in cold weather. It can be mixed with hot water as well as cold.

It will not show laps, for it works "cool," giving plenty of time for spreading.

	Per lb. 350-lb. Bbls.	Per lb. 100-lb. Drums	Per lb. Less Quan.

Tiger Dry Paste

Tiger Paste will at once appeal to the trade as a product of high quality. Sticking and holding are the most important considerations in the use of cold water pastes. In the production of Tiger, we have given careful attention to these factors.

In mixing, add one pound of Tiger Paste to one gallon of water—cold or warm—or in proportionate quantities in making larger or smaller mixtures. The flour should be poured into the water gradually and stirred briskly until the lumps have all dissolved. The consistency may be thickened or thinned as the work in hand may require.

	Per lb.

Tik Dry Paste

Here's a paste that does Paper-Hanging most thoroughly and satisfactorily, and at the least possible cost.

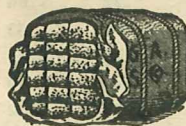

You will be surprised at the large quantity of water which it absorbs, in fact, for Paper-Hanging, it can be diluted with 10 to 12 times its own weight of cold water.

One pound hangs 12 to 16 rolls of paper.

A trial lot will convince you that TIK is the best for your purpose.

	Per lb.

Red Cross Cleaner

In Paste Form—Non-Inflammable THE MASTER PAINTERS' BEST FRIEND

For cleaning smoke, soot, soil, grease; finger marks, pencil marks, fly specks, stains, etc., from flat paint, gloss paint, varnished and enameled surfaces before repainting or varnishing.

Saturate cheesecloth in water; wring it out. Dip damp cloth into the Cleaner, using very little. Dissolve dirt by rubbing lightly, then wipe it and the Cleaner off with a damp cloth or sponge and dry thoroughly. After cleaning varnished or enameled work, rub over with our Furniture Polish, which restores the life of the varnish.

PHENOID**Paint and
Varnish Remover**

Removes all varnish, paint, shellac and similar coatings from all materials in a short time, leaving the surfaces clean and ready for refinishing.

**DIRECTIONS**

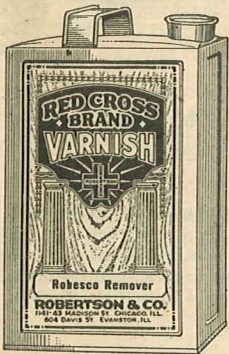

Apply a liberal coat with a soft brush, stroking in one direction. If the finish to be removed is very hard and thick, apply a second liberal coat of remover as soon as the first has penetrated the surface. Allow to stand until the remover has penetrated to the wood then remove finish with a scraper or putty knife and wipe surface clean with benzine.

Remover keeps surface soft for several hours.

Nonpareil Japan and Gold Size

It is the strongest dryer made; as one-half to two-thirds of a gallon of it equals one gallon of any other Japan known to us, and therefore is the **cheapest** as well as the **best** in the field.

Nonpareil Japan is by far the palest article in the market and will not darken the most delicate colors.

It is used very extensively as a Gold Size. Used clear it will gild in three-quarters of an hour. By adding a few drops of fat oil or raw linseed oil the drying will be retarded.

Scaffold Irons With Safety Back

Iron stirrups and Guard Rail in one slip a piece 2 x 4 (or strong rope) in loops at top and you can't fall off backwards. Made of best steel and can't get out of order.

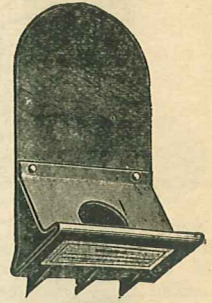

No. 50, Price, including bumpers, per pair...\$18.00

Roof Bracket or Safety Stage Support

SHOWING VARIOUS WAYS IT'S USED

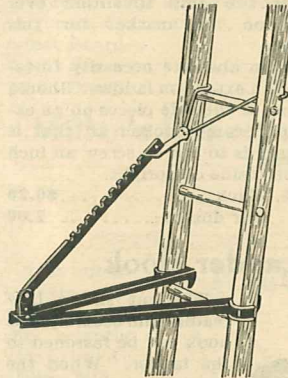

THE BRACKET

This bracket has a shoe made of malleable steel casting, in which rests the point of the scaffold hook or stage hook which carries the block and tackle for the staging. It is the only tool that the painter needs for working on any kind of a shingled roof, does away with nailing on cleats, etc., one simple tool covering all of the painter's needs on the roof.

If you wish to stand a ladder on a roof, place a couple of brackets where you want the ladder and set it on them.

	Doz.	Each
No. 51, Price per Bracket.....	\$12.00	\$1.30

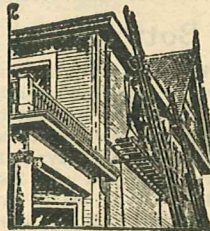

Safety Ladder Jack

Safety Ladder Jack is entirely a different construction from the old style Ladder Jack, where the entire weight rests on the rungs. Safety Jack, as you will note, is attached to the upright of the Ladder, making it impossible for accident caused by weak rungs. Can be adjusted quickly to any size ladder. For Safety first use Safety Jacks.

No. 52, per pair.....	\$7.00
-----------------------	--------

Swinging Scaffold Ladder Bracket

Made of wrought iron, fits the side rails of any ladder, not dependent on rungs whatever, impossible to slip or break, can be adjusted to suit any cornice,

they make it more comfortable for men to work and easier than any other scaffold holder, any length of building can be finished in one stretch by using more ladders and brackets. Once used, always used.

No. 53, Price, per pair.....	\$10.00
------------------------------	---------

Seaman Safety Bracket

Designed to Save Labor, Insure Safety, and make the work of all ladder users easier.

It prevents the top of a ladder from slipping, rolling or being blown over by the wind.

The side thumb screw holds firm to side and adjusts to fit any standard size rail. The top thumb screw holds firm and adjusts to fit any ladder from 2 inches to 3 1/4 inches.

Per pair.....\$8.50

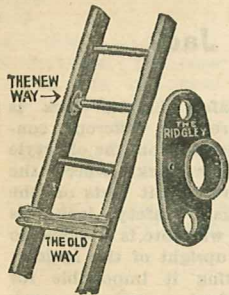

Rung Replacer

A device manufactured from Cold Rolled Steel for replacing broken rungs in ladders.

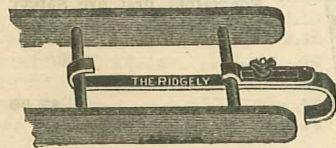

It is the only invention ever placed on the market for this purpose.

It is an absolute necessity in repairing an extension ladder. Should the rung or the side pieces on an extension become broken all that is necessary is to nail or screw an inch strip on inside of upright.

No. 55. Each.....\$0.20
Per dozen..... 2.00

Adjustable Ladder Hook

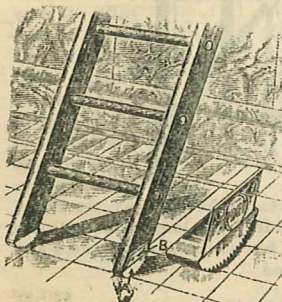

or chimneys where work is to be done.

No. 54. Price, each.....\$0.90

The cut shows how readily and securely this hook can be fastened to the ladder. When the point is dropped over the ridge board you can with safety reach any part of the roof corner

Non-Slip Ladder Bottom

The Ladder Bottom is fastened onto the bottom of any ladder, making it absolutely impossible for your ladder to slip. It is made of heavy vulcanized rubber and will last a life-time and is one of the most valuable articles ever made. No painter who values his life should be without one.

and Paints Refine Everything They Cover

McDougall-Butler Utilivar Varnish

An unexcelled, every purpose clear varnish. It is adapted for both interior and exterior work, does not turn white and will withstand the extremes of heat and cold. UTILIVAR is a protective agent extremely popular with boatmen, motorists, builders and home-makers.

McDougall-Butler Flooroleum Floor Varnish

A diamond-like varnish, clear and hard that withstands roughing and scuffing. It has a long record of service in many fine homes and in buildings where floors are subject to severe wear. FLOOROLEUM may be rubbed, polished or left in the natural gloss.

McDougall-Butler Permanite Wood Finish

Permanite is rightly called the "crystal clear varnish", because it reveals the grain of the wood in its natural beauty. It has been created to do the ultimate in wood finishing. It is pale in color, tough and durable. PERMANITE may be left in the natural gloss, rubbed or polished.

McDougall-Butler Zanzite Enamel

Zanzite, the lily among enamels endows wood with the essential qualities of marble—hardness, whiteness, brilliance and durability. Zanzite is made in white, ivory and gray, in gloss and egg-shell finish. Zanzite Enamel Undercoat is made to be used as a foundation coat for Zanzite.

BUFFALO, N. Y.

Mattona Flat Wall Finish

Mattona is an oil paint which dries with a velvety, flat finish. It may be used on any interior surface, whether wood, plaster, concrete or metal. Mattona is unusually satisfactory for large surfaces,

112 LIGHT IVORY

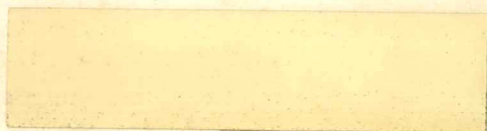

110 NATURAL GRAY

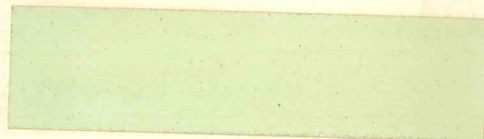

122 PALE CREAM

261 PINK

because of the *slow* set-up of the paint. The time taken to move ladders and scaffolds will not result in the showing of laps, so annoying to the painter.

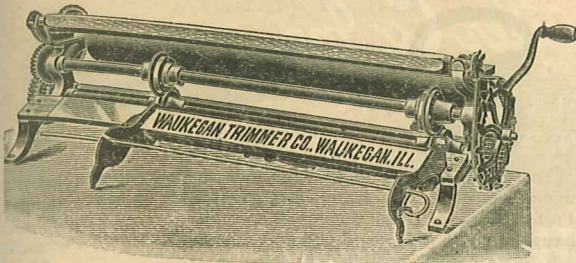

Mattona is recommended particularly for finishing the walls of fine residences, hotels, schools and public buildings where quality results are paramount.

ROBERTSON & COMPANY

1141-1143 MADISON STREET, CHICAGO, ILL.

Waukegan Trimmers

Cut of "D" Waukegan Double Edge Trimmer

Waukegan "D" Double Edge Trimmer

Geared at crank. Each turn of the crank trims 18 inches of paper on both edges at once, or trims and splits borders. This is twice the speed of any other trimmer on the market, and every part of the roll is trimmed at a speed uniform with the speed of the cutters, which are differently geared; position motion top and bottom, without springs; cutting clean, straight, perfectly parallel edges for butting. Trims all grades and weights up to 22 in. wide.

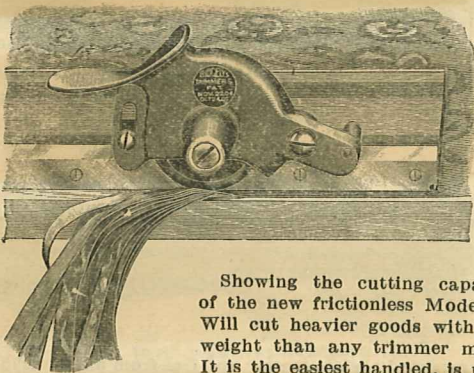

Price, complete.....\$53.00

Waukegan "A" Single Edge Trimmer

Each turn of crank trims 18½ inches of paper on either side without change and will trim second edge if desired.

Price, complete.....\$34.00

The New Ridgely Trimmer

Showing the cutting capacity of the new frictionless Model D. Will cut heavier goods with less weight than any trimmer made. It is the easiest handled, is more

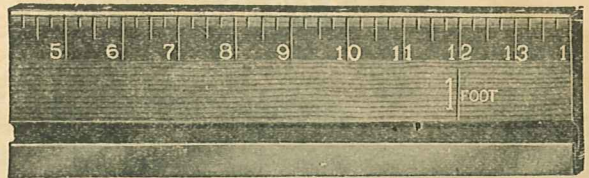

compact, stronger and less complicated than any other trimmer.

The trimmers are nickel plated. The No. 4 outfit consists of trimmers, 3 in. zinc and straight edge made from best seasoned lumber with brass track for trimmer and brass bound on both sides, the front edge having an angle brass protecting the edge from warping.

The No. 10 outfit is the same as No. 4 except the straight edge, has a steel center making the edge heavier and less liable to move out of place when trimming.

No. 158.....	\$2.00	\$0.20

The All-Steel Carrying Grips that Won't Wear Out

BAG SHAPE

An article every painter and paperhanger ought to have.

It is light in weight, looks like leather and is waterproof, wearproof, thief-proof, fireproof.

Finished in three-coated baked enamel brown, fitted with solid brass corners, side catches, Yale notch locks, full size leather handle

with steel core. Strongly built, double seamed and double formed, electric welded and reinforced throughout. They are no heavier than a leather bag and will wear far better. The only real protection for a painter's equipment and clothes. Will not warp up, soak up, rot or go to pieces. Can be washed off and always kept clean and neat. Will keep brushes moist, as it is watertight, as well as waterproof.

No. 189. Size, 16 in. long, 9 in. wide, 11 in. high.

Price, each.....\$7.50

Suitcase Shape

This style has same features as Bags and is designed for those who prefer the Suit Case Shapes. Made also for Plasterers, Masons, Bricklayers, etc.

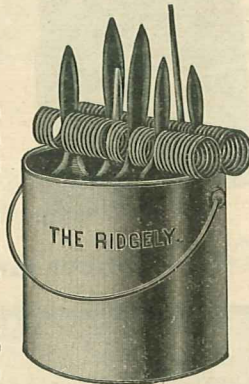

No. 190. Size, 24 in. long, 14 in. high, 8 in. wide.

Price, each...\$9.00

Paint Brush Suspender

Made in two sizes, simply rests across edge of bucket and can be removed when not in use. Will hold handle of any ordinary brush. Made of the best steel and will last a lifetime. Save your brushes and have them in good condition when wanted for use.

Binks "Airway" Spray Brush

This brush will successfully apply any kind of paints, enamels, lacquers, varnish, bronzing materials, dry powders, etc. Air pressure of from 15 to 50 pounds is required to operate this brush depending on consistency of the material to be sprayed.

It is the most substantially constructed air brush on the market having a solid aluminum cast top with

spun copper, one pint capacity container. Handle is manufactured of hard rubber and all other exposed working parts are nickeled brass. Any type of spray can be procured at will by a simple adjustment of the spray tip.

Furnished complete with 8 feet of air tubing and connections together with one extra spray tip and aluminum adaptor ring for use in connection with quart jar with necessary syphon tubes.

DECO-LIN

DECORATIVE LINCRUSTA

Lincrusta is the most durable wall covering on the market. It is made of a soft and pliable waterproof composition similar to linoleum which is colored in the process of manufacture and embossed in sharp relief which it retains permanently. Although it is colored throughout and does not require special decoration, it may be painted, enameled, stained, bronzed, or glazed to harmonize with special decorations or redecorated as often as desired.

Unsurpassed for Halls, Dining Rooms, Vestibules, Libraries, Bath Rooms, Stores, Offices, Club Rooms, Schools, Churches, Restaurants, Public Buildings and rooms of every kind. For Dado treatment and Wainscoting, it has no equal. Lincrusta is practically indestructible, hard usage or even dents will not materially affect its appearance. Can be applied to the wall as easily as wall paper.

In applying Lincrusta, use fresh heavy flour paste. Trim both edges with knife. New walls must be sized and, when walls are doubtful, they should be lined to obtain best results. In cold weather it is best to warm the goods before unrolling. Be sure to order sufficient material to complete the job, as we cannot guarantee to furnish the exact shade on subsequent orders.

Priced by the single roll, 8 yards long—made 19½ inches wide.

Sample book showing complete Lincrusta line will be sent free upon request.

Make Stained Glass Out of Plain Glass by Using PARRISH'S PAR-O-PHANE

It is a thin, translucent material perfectly reproducing all the rich coloring of the most beautiful stained glass. Easily applied by anyone to ordinary glass, without removing it from the sash. Costs very little. Practically indestructible. Made in conventional patterns. Suitable for doors, transoms and windows, in private houses as well as in churches, hotels, halls and other public places. Directions for applying sent with each order.

Made in Rolls 18 inches wide and 9 yards long

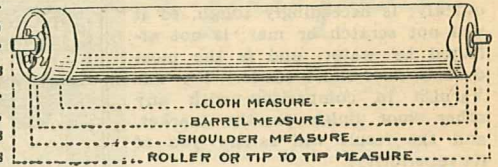

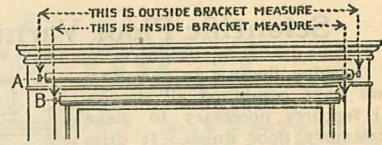

Price per Roll	\$9.00
Price per ½ Roll	5.00
Price per Yard	1.20

Window Shade Department

Mr. Paperhanger: In the past you possibly have not given much thought to window shades. You may have heard the tenant remark at the time you finished hanging that pretty wall paper, "Oh, I wish those old window shades did not look so horrid." You may have sympathized, but you did not stop to realize that you could make almost as much money on shades as on the other work. Next time you give estimates on papering suggest that they ought to have new shades to make the rooms look more attractive.

Our shade department makes a specialty of furnishing special made-to-order shades, and with the prices quoted below you should have no trouble in meeting competition. **When ordering shades be sure to state whether measurements are for inside or outside brackets.** All measurements are considered from tip to tip as shown in cut, unless otherwise specified. Before you mail the order be sure you have correct quantity and quality, the width in inches, the length in feet, and color. Where duplex shades are ordered be sure to state what color should show from street. Shades made to order cannot be returned as they are worthless to us. Therefore it is important that you give us the correct measurements. All orders should be accompanied by a deposit of 25%. Send for Sample Book.

We carry in stock all colors and standard sizes of shades listed below and make a special price in dozen lots when ordered all of one size and coloring.

At "A" is shown a shade as hung on outside of casing or window frame "outside bracket measure."

At "B" is shown a shade as hung on the inside of casing or jamb "inside bracket measure."

Our Varnish Department

When the splendid quality of our varnishes became known thousands of decorators all over the country gradually changed to them, so that now, after many years of effort they are known everywhere for their standard quality and are the best that can be made at their respective prices. All our varnishes work well under the brush and have excellent spreading qualities. It pays to buy dependable goods. They cost no more than the other kind and give real service.

Scientific Floor Varnish

For finishing floors. In this Varnish we have combined all the essential features necessary to make a satisfactory floor finish. It dries quickly, is exceedingly tough, so it will not scratch or mar; is not affected by water, and is the most durable floor finish made. Try this Varnish in comparison with any other floor finish on the market, and the result will satisfy you of its superiority.

¼-gallon cans, each	1.60
⅛-gallon cans, each	1.00
1 case (12-1 gal.) per gal.	5.00

Interior Spar Varnish

For best interior work. This is a first-class finish for the best interior work. It is very much like our Spar Finishing Varnish, but is intended more for inside work. It preserves and develops the different kinds of wood in their natural beauty. It is not affected by either hot or cold water, and will not crack, blister or turn white. Can be rubbed or polished.

1 case (12-1 gal.) per gal.	3.20

3 Highest Grade Flats

each for a specific purpose

For the painter who wants a wall finish that works very freely yet has tremendous hiding power. Can be stippled with a wonderfully large stipple. Has achieved great popularity with the trade.

For the painter who seeks a combination flat—one that can be used either as an enamel undercoat, or as a finishing coat for flat wall work. Produces a uniform, even surface free of brush marks and dries in such a way as to give maximum gloss to finishing enamel coat. Should be flowed on—not brushed out, but is not made for stippling.

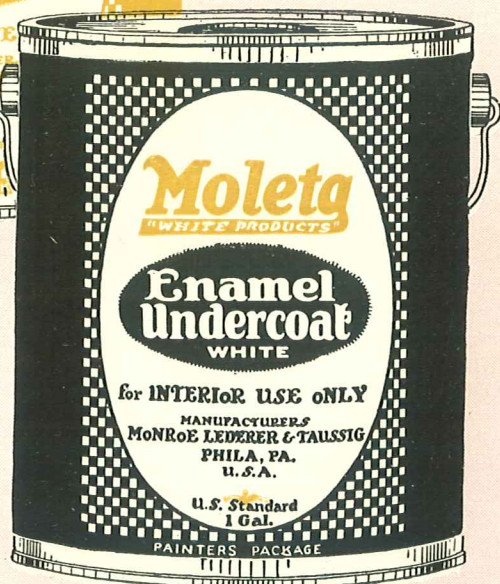

Made by
Monroe, Lederer & Taussig
Philadelphia

Distributed by
Robertson & Company
Chicago

Specializing exclusively in white products as they do, Monroe, Lederer and Taussig have devoted their efforts to perfecting three flat whites — each formulated for a specific purpose, and each the finest into which you have ever dipped a brush.

These three flats sustain the Moletg reputation for giving the painter the foremost in white products — enabling him always to perform the best of work at the lowest cost and with a minimum of labor.

Try these Moletg Flat Whites. You'll be enthusiastic over the exceptional results.

For the painter who wants purely and simply a foundation coat for enamel and the very best of its kind. Exceptionally smooth, flows together unusually well, has tremendous hiding powers.

MAN O' WAR SPAR

Best on Land or Sea

MAN O' WAR SPAR, like the famous horse, MAN O' WAR, is a leader in its field, excelling in waterproofness, easy brushing, quick drying, durability, high gloss and suitability for every interior and exterior finishing purpose.

Painters and finishers who require a high quality varnish, will find in MAN O' WAR SPAR, a product which will fill every exacting requirement. Subject it to any test whatsoever and prove to yourself the wonderful properties combined in this superlative varnish. Knock it—it won't chip off. Hit it with a hammer—the wood may be dented, but the MAN O' WAR SPAR film remains intact. Pour scalding water on it—it does not whiten or lose its gloss. Use soap, ammonia or alkalis—MAN O' WAR remains unaffected. Sit on it—it does not print or stick to the clothing. After 24 hours' drying, MAN O' WAR SPAR may be rubbed to a beautiful, dull finish without sweating. The easy working, flowing and leveling properties of MAN O' WAR SPAR will especially appeal to those who enjoy the "feel" of high class varnish under the brush.

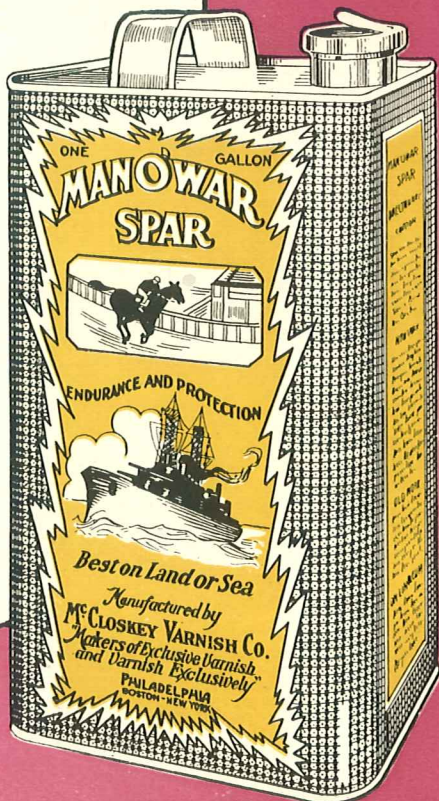

MAN O' WAR SPAR is used on all interior and exterior wood and metal surfaces, such as automobiles, wagons, floors, doors, furniture, woodwork, yachts, etc. Come join the ever increasing list of users who have found MAN O' WAR SPAR to be the highest grade waterproof varnish on the market.

"Save the surface and
you save all" *Paint Varnish*

Scientific Exterior Spar Varnish

This varnish is intended especially for high-grade exterior work. It is a most durable finish for front doors, store fronts, vestibules, porch ceilings, and all other wood work exposed to the weather, as well as for bathrooms, kitchens, pantries, and other interior work likely to be subjected to frequent wetting.

5-gallon cans, per gal.	\$6.30
1-gallon cans, each	6.50
1/2-gallon cans, each	3.40
1/4-gallon cans, each	1.90
1/8-gallon cans, each	1.10
1 case (12 1-gal.) per gal.	6.00

Scientific Flat Varnish

This varnish is entirely different from any of our other productions, as it dries with a dead finish. It is entirely free from wax and brings out the grain of the wood to a greater degree than a gloss varnish. It is easily applied, dries quickly, and is extremely tough and durable. Will produce splendid results over our stains.

5-gallon cans, per gal.	\$5.30
1-gallon cans, each	5.50
1/2-gallon cans, each	2.90
1/4-gallon cans, each	1.60
1/8-gallon cans, each	1.00
1 case (12 1-gal.) per gal.	5.00

No. 1 Light Hard Oil Finish

An extremely pale finish which will not stain or change the color of light woods. Dries quickly with a brilliant gloss, and is adapted for general interior finishing.

5-gallon cans, per gal.	\$3.30
1-gallon cans, each	3.50
1/2-gallon cans, each	1.90
1/4-gallon cans, each	1.10

Cabinet Rubbing

It is pale, heavy bodied, brilliant and elastic; dries free of dust in twelve hours, and hardens to rub and polish in twenty-four hours.

5-gallon cans, per gal.	\$3.80
1-gallon cans, each	4.00
1/2-gallon cans, each	2.20
1/4-gallon cans, each	1.30

Scientific Rubbing and Polishing

A fine, durable varnish for nice work. Hardens to rub in twenty-four hours, and can be polished if desired. Very satisfactory for all interior or cabinet work.

5-gallon cans, per gal.	\$5.80
1-gallon cans, each	6.00
1/2-gallon cans, each	3.20
1/4-gallon cans, each	1.80
1/8-gallon cans, each	1.10

Extra White Damar

This is made from the finest quality of damar gum, is heavy bodied and perfectly white. Damar Varnishes should not be used for furniture or outside work.

1/2-gallon cans, each	3.70
1/4-gallon cans, each	2.00
1/8-gallon cans, each	1.20

VALENTINE'S VALSPAR

The Varnish That Won't Turn White

This varnish positively will not turn white in hot, cold or salt water. Dries dust free in two hours and hard over night. May be rubbed in twenty-four hours. Is pale in color and heavy in body, always retaining its luster. Suitable for pews, bar and table tops, floors, doors and all exposed surfaces as well as boats and marine work.

	Gals.	1/2 Gal.	Qts.	Pints	1/2 Pints

USE

(PRONOUNCED COWRIE)

ON ALL INSIDE AND OUTSIDE WORK

This waterproof varnish defies the evils of salt or fresh waters and is superior to all others for the following reasons:

It is made from Kauri gum, is almost water-white in color, easy working, perfect flowing, dries hard over night, will not mar or scratch white, does not thicken in the can. Most durable varnish made for yachts, canoes, floors, front doors, furniture, refrigerators, automobiles, wagons, etc.

Guarantee on every can. Your money back if not pleased.

McDougall-Butler Japanite Drier

A strictly high-grade, well aged and settled Kauri gum Japan Drier for use in paints. It will not liver or thicken with pigments. Is very **strong** and mixes readily with oil.

Adapted to general purposes of the master painter and has stood up under severe tests for many years.

	Gals.	½ Gals.	¼ Gals.
Price, per can.....	\$5.00	\$2.70	\$1.50

McDougall-Butler White Liquid Drier

White Liquid Drier is made especially for use in white and light colored paints, since it cannot discolor the product. It mixes readily with oil and has good **strength**. It will not liver or thicken with pigments.

	Gals.	½ Gals.	¼ Gals.
Price, per can.....	\$5.00	\$2.70	\$1.50

McDougall-Butler Exterior Bronzing Liquid

A durable bronzing liquid for exterior work upon storage tanks, gas tanks, refrigerator cars, gasoline pumps, bridges, buildings, etc. It is light in color, mixes readily with bronze and aluminum powder and possesses great reflectivity of heat when mixed with polished aluminum powder.

Two pounds of aluminum powder to the gallon of Exterior Bronzing Liquid produces an Aluminum paint of great opacity, covering good in one coat.

	Gals.	½ Gals.	¼ Gals.
Price, per can.....	\$7.00	\$3.70	\$2.00

McDougall-Butler Utilivar The Every Purpose Varnish

Utilivar, the long-life Varnish of quality for universal use on floors, furniture, table-tops, front doors, boats, motor cars or any other interior or exterior surface, is scientifically made to withstand hot or cold water, extreme exposure to adverse weather conditions and hard wear. It will not turn white. Utilivar dries dust free in three to four hours and dries hard overnight. It may be rubbed to a dull finish, or rubbed and polished, if desired. As its name implies, it is a varnish for general utility purposes, and is reliable.

	Gals.	½ Gals.	¼ Gals.
Price, per can.....	\$8.50	\$4.40	\$2.40
1 case (12 1-gal.) per gal.....	7.50		

McDougall-Butler Flooroleum Floor Varnish

Flooroleum is made especially to withstand the severe usage to which floors are subjected. It works freely and easily under the brush and dries to walk on over night. It possesses toughness, elasticity and durability. Its flexibility makes Flooroleum a part of the wood. You may dent the wood but you cannot crack the surface finished with Flooroleum. Has given satisfaction as a real floor varnish for thirty years.

	Gals.	½ Gals.	¼ Gals.
Price, per can.....	\$8.50	\$4.40	\$2.40
1 case (12 1-gal.) per gal.....	7.50		

McDougall-Butler Permanite Wood Finish

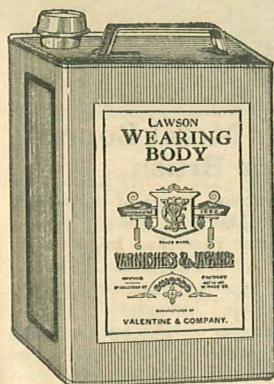

Permanite, "The Crystal Clear Varnish," is designed to enhance the beauty of the finest wood interiors. It brushes easily and flows smoothly. Genuine fossil gums and specially treated linseed oil are used in its manufacture to give to Permanite an unusual degree of clearness, elasticity and durability. Permanite dries dust free in eight hours and can be rubbed in three or four days if desired. For all fine interior finishing where a clear varnish is wanted, use Permanite Wood Finish.

	Gals.	½ Gals.	¼ Gals.
Price, per can.....	\$8.50	\$4.40	\$2.40
1 case (12 1-gal.) per gal.....	7.50

Each.....	3.40	4.00

No. B395. Dutch Style Calcimine Brush

A brush of unusual character, made of the finest quality gray Russian bristle, vulcanized in rubber and doubly secured against shedding by our dovetail method of construction. This brush is elastic and toppey, and can be depended upon for first-class service. It has a natural varnished handle designed to permit a comfortable hold. This guarantee accompanies each brush:—"If it sheds a knot in six months we will give you another brush." Size of block, $2\frac{1}{4}$ ' by $7\frac{1}{8}$ '.

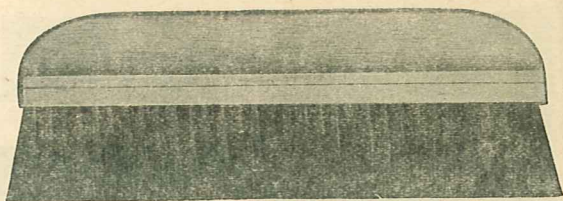

Size.....	3	5
Length clear.....	$4\frac{1}{2}$ '	5'
Price: Per Dozen.....	\$161.50	\$220.00
Each.....	15.50	21.00

No. B399. Continuous Row Dutch Calcimine Brush

A Dutch Calcimine Brush of Continuous Row Construction built on a natural varnished block $1\frac{3}{4}$ ' by $7\frac{1}{4}$ '. It is made of good quality gray Russian bristle set in four cross rows made continuous by an extra row at each end of the brush. It is bound with a steel ferrule. The B-399 is a brush of very strong construction and will give excellent service wherever used. Some painters select this brush for use in flat wall paint as well as calcimine.

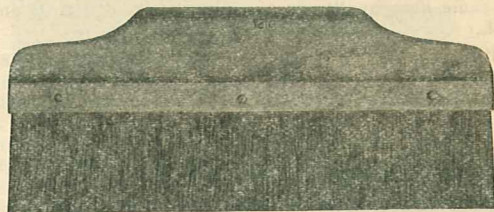

Size.....	10	30	50

Length clear.....	$2\frac{1}{4}$ '	$2\frac{1}{4}$ '	$2\frac{1}{4}$ '
Price: Per Dozen.....	\$70.50	\$88.50	\$95.00
Each.....	7.40	9.00	10.00

No. B400. P. H. Smoothing Brush

Pure black Chinese bristle, vulcanized in rubber. The bristles in this brush are set in a brass ferrule which in turn is securely riveted into a one piece block, making a brush of unusually strong construction. The B-400 is firmer, smoother, and contains more bristle, than the ordinary 3-row brush. Bristles are less apt to mat and tangle from use, and paper hangers will find it one of the best working brushes they have ever used.

Width.....	10'	12'	14'
Length clear.....	$2\frac{1}{2}$ '	$2\frac{1}{2}$ '	$2\frac{1}{2}$ '
Price: Per Dozen.....	\$38.50	\$41.00	\$44.00

McDougall-Butler Varnishes

—An Assured Quality

TO make McDougall-Butler Varnishes fit for finishing the finest wood interiors, exteriors and furnishings, McDougall-Butler buyers draw from the far corners of the world suitable fossil gums, oils, driers and other raw materials.

Mixed with these quality raw materials is the thought, care, experience and intent of the McDougall-Butler varnish makers to produce varnishes worthy of a position of eminence among the finest wood finishes in America.

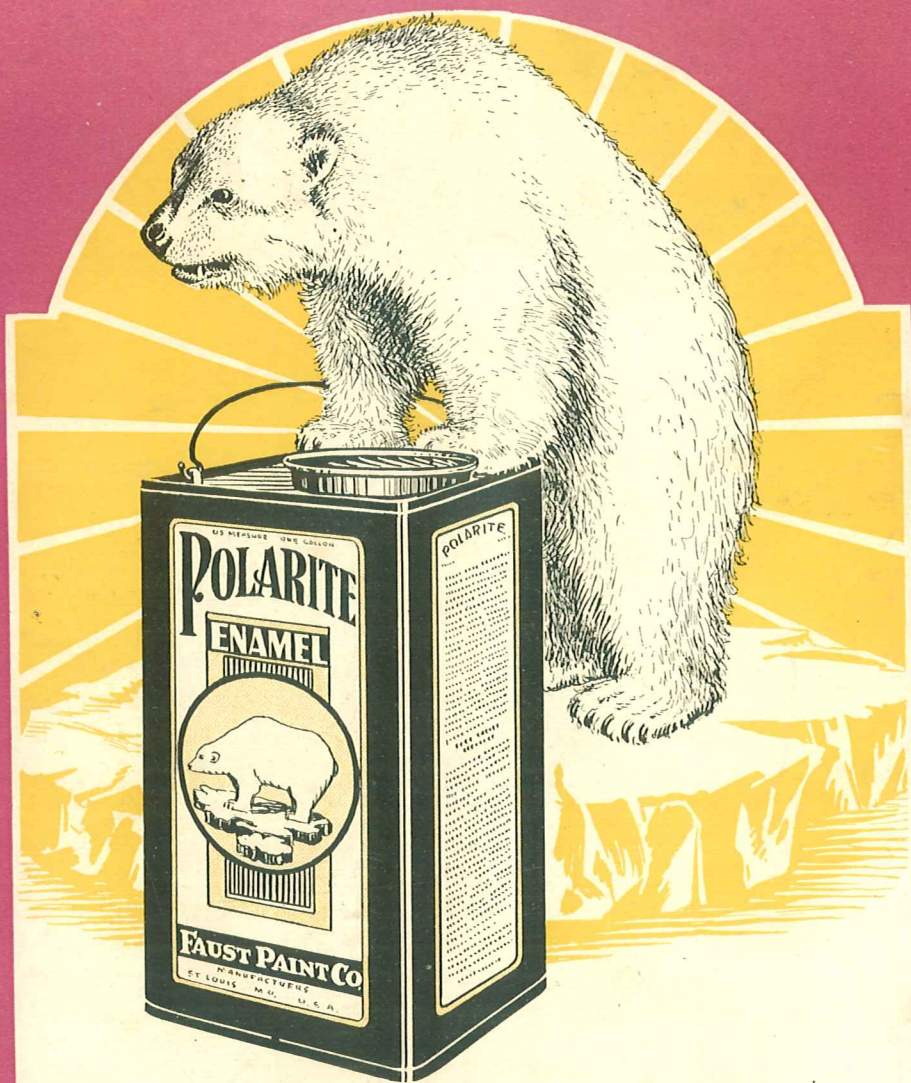

H. Vernon Smith, Superintendent of the Varnish Works, McDougall-Butler Co., Inc., has written a treatise on McDougall-Butler Varnishes which is full of interesting and helpful data for master painters. Copies are available at the Robertson & Company stores free of charge, or will be sent in response to requests received by mail or phone.
